

Cost Effective Protection for Mild/ Moderate Corrosion

Thin Film Conversion Coating

- *Doubles the Life vs. Uncoated Coil*
- *Excellent Protection fro Mild/Moderate Chloride Corrosion*
- *Economical Alternative vs. Polymeric Coatings*
- *Appropriate for Outdoor Exposure - UV Durable*
- *ROHS, REACH, WEEE, ELV, OSHA PEL Compliant*

PROPERTIES

Material : Trivalent Chromium Alum.

Film Thickness : 200-500 um

Flexibility : ASTMD 4145 - 2T

Color : Blue / Iridescent

PERFORMANCE TESTING

SWATT : ASTM G85 A3 / 3,200 hrs

Salt Spray : ASTM-B-117 / 3,000+ hrs

Heat Transfer : < 1%

Meets MIL-DTL-5541
