

Advanced Anti-Microbl Protection

- *Dramatically Reduces the Growth of Germs on Surfaces*
- *99% Effective Against Mold, Mildew, E Coli, H1N1, and MRSA*
- *Premanently Bonded to Surfaces*
- *Destroys Microorganisms by Attacking the Cell Membrane*

PROPERTIES

Organic Functional Silane

Cross-linked Polymer

Covalent Bonding to Surface

PERFORMANCE TESTING

Spectrum Microbial Control: Fungi,

Mold, Mildew, Germs, Gram (+) and

Gram (-) Bacteria, Yeast, and Algae

- Infinite Life
