

# Extreme Environment Coating System

- ***Advanced Zirconium Oxide Pretreatment***
- ***Electro-deposit Epoxy Base Primer - NSF51 Certified***
- ***Cross-linked Top Coat - FDA Compliant***
- ***Resistant to Acids, Chlorides, Sanitizers, H2S***

## **PROPERTIES**

EC-6100 Cathodic Base Primer

Proprietary Chemical Resistant Top-coat

DFT - 1.5-2.8 ml

Max Temp - 550 F Continuous

## **PERFORMANCE TESTING**

***Corrosion*** : ASTM G85-A3 6,900+

***Adhesion*** : ASTM D3359 5B

NSF - 51 Certified

## **APPLICATIONS**

Food Processing Facilities / Waste Water Treatment Facilities /  
Airports / Refineries & Chemical Processing Facilities / Offshore  
Platforms / Mining
